Why plane feet™ ?

- *plane feet™, THE Security Hygiene Solution, was devised by a physician's wife to meet the hygienic needs of travelers (and is especially helpful for diabetics)*
- *One-of-a-kind security kit for use at airport security checkpoints in the wake of shoe removals and more detailed personal screenings*
- *Eliminates the need to walk unprotected thru unsanitary security checkpoints, reducing the hassle for travelers*
 - ***“I'm the person who asked you about your foot booties in the security line at LAX One of my daughters goes to Columbia U. We are always flying to see each other and absolutely hate taking off our shoes and walking on the airport floors. I'm so glad someone has decided to make these.” Judy, South Carolina***
- *Protects the traveler's feet and socks from dirt and germs that would otherwise be transferred to the inside of shoes*
- *Ideal for use in-flight for those travelers who remove their shoes on the plane. No more exposure to that dirty airplane carpet*
